Technology & Marketing Ventures, Inc. Is Interviewing Strategic Partners for a Collaborative Innovation Center to Catapult Hudson Yards Projects and Refine Use of Eligible Mission Main StreetSM Grant

Help Technology & Marketing Ventures, Inc. Grow by Exploring with June Klein any FinTech or Service Apps or Transportation or Real Estate related to Hudson Yards or new NYC development

New York, New York – Technology & Marketing Ventures, Inc., a local venture developer, strategic integrator and management consultancy, has applied for a \$250,000 grant from Chase as part of a newly launched program, Mission Main StreetSM Grants. Technology & Marketing Ventures, Inc. has submitted a questionnaire outlining a business plan that will result in growth of the business and has now received over the required 250 votes for grant eligibility. Customers, fans and community members have shown support for Technology & Marketing Ventures, Inc. by voting at missionmainstreetgrants.com/business/detail/60230 using Facebook Connect.

Electronic-BoardroomTMVi® Solutions will use the \$250K to empower business and public communities to operate within a cybersecure, mobile, state-of-the-art infrastructure. For example: “We will provide transportation apps such as mobile payment and marketing platforms for sensor based parking, <http://parkreg.com> <http://paythru.com> automated garages under parkland, electric car charging stations, internet of things connected, electric grid first responder protection embellished by above sea level construction, and surveillance systems for multi-locations. Receiving this grant would be an unbelievable opportunity to ensure the work of this business continues in NYC and empowers individuals, businesses and government agencies to reach their potential plus sustainability via infrastructure and app support,” said June Klein, CEO Technology & Marketing Ventures, Inc.

About Mission Main Street Grants

In January 2014, Chase will award \$3 million to 12 small businesses across America that have met eligibility requirements and were chosen by a distinguished panel. This demonstrates Chase’s and Google’s ongoing commitment to helping small business, so they can take big steps for their business and community.
